MINISTRY OF EDUCATION

I, Professor Kader Asmal, MP, Minister of Education, in accordance with Treasury Regulation 20 [issued in terms of the Public Finance Management Act, 1999 (Act No. 1 of 1999)], hereby establish the committees set out in the schedule hereto to investigate and advise me on the restructuring of the higher education system to ensure that it contributes to social and economic development, as outlined in the National Plan for Higher Education gazetted on 9 March 2001 (Government Gazette No. 22138, Notice Number 230).

Professor Kader Asmal, MP
Minister of Education
23 May 2001

SCHEDULE

ARRANGEMENT OF REGULATIONS

NATIONAL WORKING GROUP ON THE RESTRUCTURING OF THE HIGHER EDUCATION SYSTEM

1. Purpose
2. Principles
3. Terms of Reference
1. Purpose.—The National Working Group on the restructuring of the higher education system will investigate and advise the Minister on appropriate arrangements for consolidating the provision of higher education on a regional basis through establishing new institutional and organisational forms, including the feasibility of reducing the number of higher education institutions. The investigation forms part of the broader process for the restructuring of the higher education system to ensure that it contributes to social and economic development, as outlined in the National Plan for Higher Education gazetted on 9 March 2001 (Government Gazette No 22138, Notice Number 230).

2. Principles.—The investigation must be guided by the principles and goals for the transformation of the higher education system as outlined in the Education White Paper 3: A Programme for the Transformation of the Higher Education System. In addition, the National Working Group must ensure that its recommendations address and promote the following goals—

- Social and educational goals, in particular, the contribution of higher education to social and economic development, both regionally and nationally.
- Access and equity goals in relation to both student and staff equity, as well as institutional redress.
- Quality and efficiency goals in terms of economies of scale and scope, both programme and infrastructural, as well as the spread and quality of programmes and graduation and retention rates.
- Institutional sustainability and viability goals in terms of student numbers, income and expenditure patterns and management and governance capacities.
- Institutional identity and culture goals in terms of overcoming the legacy of apartheid (CHE, pp. 58-59).
3. Terms of Reference.—The National Working Group must—

3.1 Address how the number of institutions can be reduced and the form that the restructured institutions should take, and not on whether the number of institutions can or should be reduced.

3.2 Ensure that the reduction in the number of institutions does not result in the closure of existing sites of delivery, that is, it must be underpinned by the principle that higher education programmes would continue to be offered at all the current sites of delivery, but within new institutional and organisational forms and structures.

3.3 Consider the full range of potential institutional arrangements, including the rationalisation of programme development and delivery through institutional collaboration, as well as different models of mergers.

3.4 Consider the role and function of all existing institutions in the development of new institutional and organisational forms, that is, no institution should be exempted from the need to change fundamentally and from contributing to achieving a new higher education landscape.

3.5 Recommend the incorporation of the constituent campuses of Vista University into appropriate existing higher education institutions within each region given the decision to unbundle Vista University. This does not include the distance education centre of Vista University, which will be incorporated into a single dedicated distance education institution through the merger of UNISA and Technikon South Africa.

15.1.2 Each treasury must ensure that its revenue fund always has sufficient money for appropriated expenditure and direct charges to meet the progressive cash flow requirements.

15.1.3 Each revenue fund consists, at any point in time, of all cash balances of the fund, derived from the relevant treasury’s operating, investing and financing activities.

15.2 Bank account configuration [Sections 7 and 21 of the PFMA]

15.2.1 The bank account configuration for the National Revenue Fund comprises an Exchequer bank account, a Paymaster-General bank account with the South African Reserve Bank, the four tax and loan accounts with commercial banks, and any other bank account opened to facilitate the management of the National Revenue Fund. The National Treasury may open additional accounts on such terms and conditions as it may determine.

15.2.2 Each provincial revenue fund must have a bank account configuration that consists of at least an Exchequer bank account and a Paymaster-General bank account, opened with a commercial bank.
15.2.3 Each head of a provincial treasury must nominate one bank account, which is under the control of the provincial treasury and is part of the provincial revenue fund, as the accredited account into which all transfers from national departments must be deposited.

Such sub-accounts remain an integral part of the bank account configuration of the relevant revenue fund.

15.3 Deposits into the revenue funds [Sections 13 and 22 of the PFMA]

15.3.1 In terms of sections 11(3) and 21(2) of the Act, money is paid into a revenue fund by depositing it into a bank account in accordance with the configuration requirements prescribed above.

15.4.2 For purposes of section 12 of the Act, the South African Revenue Service must implement measures to ensure that all taxes, levies, duties, fees and other money due to and collected by it for a revenue fund are accounted for and deposited daily into the relevant fund. The relevant treasury must be informed daily of such revenue and its standard revenue classifications.

15.5 Responsibilities of departments [Sections 13 and 22 of the PFMA]

15.5.1 All revenue received by a department must be paid daily into its Paymaster-General account or, for amounts less than R500, as soon as practicable, but at least by the last working day of the month.

15.11.1  Private money may not be deposited into an official bank account, except in accordance with the provisions relating to money held in trust for other persons or bodies, nor may State money be paid into a private bank account.

15.11.2  The safekeeping of private money or personal possessions in a State safe or strongroom is prohibited. 15.12.5  When an issued warrant voucher or cheque is lost, stolen or damaged, an instruction to stop payment must immediately be issued to the responsible bank.
